RECOGNISED CENTRE

COLLEGE OF CENTRAL LONDON

Institute of Workspace and Facilities Management

focus

ADDRESSING THE NEEDS OF INDIVIDUAL STUDENT AND PLANTING THE SEEDS FOR A SECURE FUTURE.

We provide high standards of teaching in an environment that encourages academic achievement alongside personal development while experiencing the culture and life of a vibrant city.

Helping you achieve your goals

Are you looking for an experienced tuition provider to help you gain an accredited qualification in facilities management?

You are in safe hands. Our mission is to provide skills and knowledge to help you achieve success in IWFM

level 5 and 6 qualifications.

We base quality teaching and support on current good practice in industry, underpinned by evolving theories and techniques ensuring a good balance between the short and long term needs of students together with the require-

Tutors Staff are selected for their qualifications and practical experience in facilities management. They are able in the classroom to communicate their knowledge and expertise

gained over many years working in their teaching discipline. Classes are small enough to enable tutors to relate to learners as individuals and large enough to create a vibrant atmosphere.

Delivery Lectures/tutorial/ assessment sessions held on Tuesdays start at 5.30pm and finish at 8.30pm. Delivery pattern follows the academic schedule of terms with half term breaks. Sessions are interactive and tutor led, but learners are expected to share their experiences. Whilst documentation will be provided, learners should purchase books shown on the reading list.

Study Learners may need to develop new skills, such as analysis, communication and a range of written presentation methods. Workshops focus on both subject information and skills to support written assessments. Learners must expect to frequently allocate a significant amount of their own time in order to research, prepare, edit, finalise and submit assessments in order to be successful.

Commencing study The course is operated on a roll-on roll-off basis. Subject to agreement with the Course Leader, applicants may commence their studies in the first week of any unit. A course induction session will be arranged accordingly.

Admissions Criteria Applicants for the level 5 Certificate or Diploma will normally be practising with some management responsibility in a facilities management capacity. Level 6 applicants must hold senior positions or head an FM department. All applicants will be interviewed. Applicants may apply for Recognition of Prior Learning (RPL) or Exemptions for certificated achievements outside of the Qualifications and Credit Framework.
